

## Shop in the Garden & Garden Centre August Update

Believe it or not, autumn is around the corner!

We have a diverse selection of plants in the Garden Centre for your late summer and early fall gardening. Perennials are still showing vibrant summer colours and lots of buds and blossoms. If you're looking for something a little different, we have an excellent collection of exotic plants, including the Eucomis plant, Echeverias, hardy hibiscus and fuschias. Viburnums are perfect for your fall planting and bloom in winter, adding fragrance and colour to the greyest months of the year.

Keep track of your to-do list with a 2017 engagement journal or notebook with stunning original art.

After you're done with your busy day, wind down with one of our deliciously scented handmade soaps or lotions - think cinnamon, chai and coconut lime - or express your artistic side with an adult colouring book, including origami colouring books!
