

## Shop in the Garden and Garden Centre Update

Spring is well underway and we are ready for summer to come! For the patio and balcony gardener, we have received a shipment of outdoor pots, statuary and trellises. Get ready to create your cosy balcony spot with a special plant in the perfect pot with soil, watering accessories, tools and our good advice to complete the job.

The Garden Centre has a wide choice of trees, shrubs, perennials, herbs and some annuals available. A shipment of roses has just arrived, ready to plant and bloom in your garden. Seeds from our gardens and a large choice of vegetable seeds and starter soil are also for sale.

In case you feel a chill or need protection from the sun, the Shop has stocked new scarves and summer hats for adults and children in colours that will put a bounce in your stroll through the garden. Or have some fun with adult colouring books or browse through the best selection of gardening books in the city. Our most popular sellers are *Vancouver Trees* and books in the children's section.

Happy gardening and best wishes for a great summer from all Friends of UBC Botanical Garden.

The Shop and Garden Centre at UBC Botanical Gardens offers unique plants, accessories, quality gifts and knowledgeable service available in the shop seven days a week. It is run by Friends of the Garden and is open from 9:30 am to 5:00 pm except Thursdays from 9:30 am to 8:00 pm.

Master Gardeners are now in the shop on weekends until mid-June, 12:00 pm to 4:00 pm, to answer all of your gardening questions.
