April in the Garden

As many Vancouverites know, April is the month when the City celebrates the Cherry Blossom Festival. Ornamental cherry trees, like other spring-flowering trees, are often seen as positive symbols of beauty and rebirth. These attributes are especially important to a city's public形象, especially when it comes to areas of public art park and public spaces.

The Cherry Blossom Festival is one of the most anticipated events of the year. The festival is held in April, the month when cherry trees bloom in full glory, attracting visitors from all around the world. The festival features a variety of events and activities, including flower viewing, traditional music and dance performances, and cultural exhibitions. Vancouver loves its cherry trees.

Horticulture Training Program Info Session
Tuesday, April 17, 7:00 pm

Do you love plants? Are you interested in a career in horticulture? Learn more
