

The Shop in the Garden's Garden Centre is filled to the brim with plants ready to make their home in your garden. Visit us daily 10:00 a.m. to 5:00 p.m.
See below for some current highlights.

Roses

David Austin and Week's roses are moving fast and won't be here for much longer! Planted now, these blooms will fill your garden with petals and perfume throughout the summer.

Herbs

The perfect garnish for your summertime salads - from classics like tarragon and thyme to curry plant and par-cel. Fresh herbs can make all the difference in a dish. Find a full selection of herbs in the Garden Centre.

UBC Plant Introductions

Viburnum Summer Snowflake and Cotinus Grace add visual interest to any garden. These UBC Botanical Garden developed cultivars stand out against typical spring foliage with unique shapes and hues.

Brand Spotlight

Hives for Humanity

Hives for humanity is bringing the bees back - to the city! Honey and beeswax candles are handmade by Vancouver Downtown Eastside community members. Profits from honey support therapeutic beekeeping programs in underprivileged communities. Taste (the flowers of) the town with the help of some local bees!
