**About the Garden**Established in 1916, [UBC Botanical Garden](#) curates a collection of approximately 50,000 accessioned plants representing approximately 7,000 taxa from temperate regions around the world.Follow us on [Twitter](#), [Facebook](#) and [Instagram](#).
Our handle is @ubcgarden.**July in the Garden**July is a beautiful time to be in the garden. Although there are still plenty of flowers, the exuberance of spring is beginning to wane, and it's time to enjoy the foliage, especially in the shadier parts of the Garden. The David C. Lam Asian Garden, the BC Rainforest Garden and Carolinian Forest Garden are cool, leafy havens. What better places to escape the heat of a summer day?
